

PROJECT FACT SHEET

BT-916 Multi-Purpose Practice Fields

Modesto Maidique Campus, Miami, Florida

PROJECT DESCRIPTION

This project is the development of two new athletic practice and recreational play fields at the Modesto Maidique Campus. One of the fields is to have artificial/synthetic turf surfacing and the other a natural grass surface. Both fields and surrounding sideline areas are to have an extensive subsurface drainage system. The project will include a small restroom and storage building, fencing and gates, elevated camera platforms for video recording practice sessions, and may also include realignment of roadways and major utilities. The project may also include landscaping, sidewalks and plazas. The project may include replacement and relocation of surface parking including lighting and drainage that may be displaced by the fields.

The Multi-Purpose Practice Fields Project plans to construct the following spaces/square feet:

- Intramural/Practice Field with Artificial Turf and Scoreboards - 370 feet by 170 feet.
- Practice/Intramural Field with Natural Grass Turf and Elevated Camera Platforms - 370 feet by 210 feet.
- Restroom and Storage Building – 2424 GSF
- Landscape work and site lighting

Additional site features may also include the following:

- Surface parking lots in multiple locations with a combined total parking capacity of up to 400 spaces.
- Realignment of roadways, walkways and plazas, including signage and lighting.
- Relocation of underground utilities including electric, water, sewer and communications including above ground appurtenances.

The design work for this project includes planning site improvements including landscaping and a parking area. Based on the scope of work described above, the total construction cost is approximately \$6,951,881 and the total project cost is \$8,900,000. The University is committed to producing buildings that comply with sustainable energy conservation strategies and standards (minimum LEED Silver Certification).

This project will include consideration of lower cost alternative sites such as at or adjacent to the soccer stadium, Tamiami Park, etc.

The project scope may be increased by the University, in its sole discretion, to include additional spaces/square feet should a funding source for such scope increases be identified prior to project completion. The total construction cost and the total project cost may increase, at the University's sole discretion.

Applicants are hereby notified that that in the event the University is unable to secure full funding necessary for either the initial project components or added components, the University intends to proceed only with design and construction of fully funded project components and phase(s), if any.

SELECTION CRITERIA

All information submitted is subject to the Laws of Perjury as set forth in Chapter 837.06, F.S. The following minimum qualifying information is required by an Applicant to be eligible for consideration:

1. Letter of Intent and Summary Introduction narrative highlighting qualifications/legal nature of organization including proposed organization chart.
2. Completed "Florida International University Professional Qualifications Supplement (FIUPQS)." The latest version of the official FIUPQS forms (FIUPQS_08_2015) must be downloaded from the FIU web site at <http://facilities.fiu.edu/projects/BT-916.htm>. Applications on any other form will not be considered.
3. Copies of the applicant's current Professional Registration Certificates from the appropriate governing board for the Applicant firm, its consulting engineers and all key professional personnel to be used on the project. If the applicant is a corporation, it must be properly chartered by the Florida Department of State to operate in Florida.
4. Location Proximity (highway distance) of Applicant's nearest established, fully staffed office to the Modesto A. Maidique Campus.

Firms will be evaluated in the following areas:

Recent and Current Workload – Evaluation of current phases of work in progress/manpower allocation in response to current workload.

Adequacy of Personnel – Applicant's experience and availability to perform the required services in light of its current workload.

Experience and Performance Record – Performance with respect to projects comparable in type, size and complexity for the most recent five-year period. Experience evaluation shall be on the basis of the firm's principals and project manager's experience with institutional or other public agencies. The committee may take into consideration personal knowledge of the applicant's past performance evaluations with the University.

Services Provided by Applicant and Proposed Consultants – Unique qualifications with respect to the project, including specialized equipment, awards or recognition received, special approaches, management tools or concepts developed.

Volume of FIU Work Previously Awarded – Volume of work on project(s) previously awarded by the University for the past five years with the objective of effecting an equitable distribution of contracts among qualified Applicant firms, provided such distribution does not violate the principle of selection of the most highly qualified firm.

The Selection Committee shall review qualifying information submitted and score applicants in terms of points on a numerical scale assigned to criteria identified in the FIUPQS form and instructions. Total points for each firm shall be converted to a ranked order by each selection committee member. Selection for interview is based on total combined numerical rank points from each committee member for all applicants. Sample score sheets and instructions to the selection committee are included in the FIUPQS forms for reference.

3. In order to minimize the possibility of unethical pressures or influences on the recommendations of the Selection Committee, direct contact with the committee members throughout the selection process is not permitted. The committee members are:

Celi Ervesun, Project Manager, Construction, Facilities Management

Jim Wassenaar, Director of Facilities Planning & Operations, Division of Student Affairs

John Cal, Associate Vice President, Facilities Management

Julie Berg-McGraw, Senior Associate Athletic Director, Athletics Department

Mark Salemi, Maintenance Manager, Grounds keeping and Landscaping

Rob Frye, Recreation Services Director, Recreations Services MMC

Roberto Rovira, Chair of FIU Landscape Architecture Environmental and Urban Design

Wesley Hardin, Associate Athletic Director, Athletics Facilities and Operations

The goal of this committee is to assess the Applicants on an equitable basis. Committee members shall serve throughout the screening process for a project until selection is completed. (Committee members may be substituted by the University prior to the short list meeting without further notice).

The Selection Committee will make a recommendation to the President of Florida International University. **All finalists will be notified in writing of the President's action.** Upon approval by the President, negotiations will be conducted in accordance with Section 287.055, Florida Statutes.

4. All team members of the selected firm should clearly address each of the selection criteria as appropriate within the submittal package.
5. The results of this screening process will be posted on the FIU Facilities web site at <http://facilities.fiu.edu/projects/BT-916.htm>. Pursuant to Florida Board of Governors Regulation 14.023, any qualified applicant who is adversely affected by the University's decision may file a written notice of protest within 72 hours after receipt of this notice. Failure to file a notice of protest within the time prescribed in Florida Board of Governors Regulation 14.023 shall constitute a waiver of the right to protest proceedings.
6. Finalists will be notified and informed of the interview date and time via email and will be provided with additional project information, and the topics to be covered in the oral interview. The Building Program has been posted and is available on the same web page as the Legal Advertisement and this Project Fact Sheet. The Committee shall be free to ask a Finalist any question it deems relevant to its decision in ranking the Finalists. As outlined in the **Florida International University Professional Qualifications Supplement (FIUPQS)**, in making its decision the Committee shall take into consideration, in addition to the information requested above, the following factors:
 1. **Understanding of the Project Requirements** – The Applicants are evaluated on their understanding of the requirements and needs of the project as demonstrated by their project teams, including consultants. The Applicants shall be rated on the completeness of their understanding of the factors which are unique to the project, including the thoroughness demonstrated in analyzing and investigating the scope of the project and in preparing for the interview.

2. **Approach and Method** – Finalists shall explain their approach, management and design methods they will employ to plan, design, and administer during construction of the project, inclusive of procedures to assure timely performance of the work.

3. **Ability to Provide Service** – The Committee will evaluate the Applicants' ability to meet the Owner's required timetable and to provide for any special or unique requirements of the project, including a projected time line of activities through project completion. The Applicants should be asked to discuss their ability to fulfill each project requirement and to describe all other projects on which team members are currently involved. Results of reference checks are considered in this category. It is the responsibility of the applicant to verify contact information for all references listed on the FIUPQS is up to date at the time of the application. The preferred method of communication with the references is via email.

7. Applicants shall not include specialty consultants in their team. Failure to comply with this requirement shall be grounds for disqualification. If the applicant feels that its team will require the services of a specialty consultant, it should indicate for which disciplines it will require specialty consultant(s) according to the instructions in the **FIUPQS** form.
